Active duty personnel of the U.S. Military or National Guard and their spouses and dependents and Veterans of the U.S. Military or National Guard and their spouses and dependents may be eligible for the Military Tuition Rate. This rate has been established to support individuals who have dedicated themselves to serving in the United States armed forces.

Active duty personnel: A student should identify membership to one of the aforementioned categories at the time of application. The Military Tuition Rate is applied to future terms only and is not retroactive for current or prior terms. Military personnel must submit a copy of the most recent leave and earnings statement (LES) and a statement from the commanding officer on official letterhead. A student may be required to resubmit documentation annually.

Veterans: A student should identify membership to one of the aforementioned categories at the time of application. The Veteran Tuition Rate is applied to future terms only and is not retroactive for current or prior terms. A student receiving this benefit must submit a copy of the Veteran's DD214.

A student utilizing the GI Bill must work closely with School Certifying Officials to make sure that all necessary documents are on file prior to the certification of enrollment with the Veterans Administration. TCSPP will certify enrollment each term unless otherwise notified.
