**We are very excited to hear you will be joining us at TCSPP!**

There are many options available for rentals around the university and what you choose will be dependent on your housing budget.

Given that the San Diego Campus is located near the downtown area of San Diego rent can be very expensive. The transit though in the city is great and it makes getting to campus easy if you choose to live a little farther away.

Here are a few options for you to look at regarding accommodations:

**!!Please Note!!**

With any rental it is important that before you sign a lease or hand over any money/checks that you meet with the landlord (if possible) and conduct research into the company.  Students have been victims of scams in the past, so it is important to conduct your own research into the rental company/individual.
