COVID-19 CAMPUS OPERATIONS PLAN

Last updated: 9/7/21

Background

The Chicago School of Professional Psychology's (TCSPP) plan for operating on campus is rooted in safety for our faculty, staff, and students. It is aligned and consistent with local orders and ordinances of the Anaheim, as well as the California reopening guidelines. TCSPP's plan follows recommendations and guidelines from relevant federal, state, and local entities and [Centers for Disease Control and Prevention \(CDC\)](#).

You can always access the current version of this plan on the [community site in the COVID-19 Resource Hub](#). This plan will be updated as guidelines evolve and new information becomes available. To ensure you receive the most accurate and up to date information, please do not download or print a copy of this plan. You should periodically check the plan for the latest guidelines.

You are expected to comply with all policies, protocols, and guidelines outlined in this document, as well as those posted throughout campus and in buildings. Failure to do so may result in being asked to leave campus or in corrective action.

Campus Operations

Campus remains open for Fall 2021. As announced on August 23, 2021, TCSPP will continue with hybrid, virtual, and/or flexible arrangements for in-person instruction and operations through November 1, 2021. Given the rapidly changing nature of the pandemic, our University-wide Return to Campus Committee will continue to monitor and respond to changing conditions across our campus locations. Additional updates on a return to full in-person instruction and operations will come mid-October.

Entering and Exiting the Building

To enter the campus, employees and students will use their campus ID to "swipe" into the building. The "swipe" will record the individual's name, time of entry and department of employ or study. Everyone is required to comply with any restrictions required by the building in common areas, such as elevators or the lobby.
