Dear Student,

After a thorough review of government [Travel Advisories](#) and [CDC](#) recommendations to all higher education with students participating in international travel abroad programs, the Risk Management team in conjunction with the Office of the General Counsel in order to comply with the standards of safety and security of our students and faculty abroad, has confirmed that all TCSPP sponsored travel abroad programs and events through SP21 have been canceled. Degree program required Field Experience will change to a virtual international learning experience.

The team will continue to monitor international travel guidance to make decisions that prioritize the health and safety of our community. Please look out for future program offerings.

Some programs deferred from previous semesters have been posted on our [website](#) while faculty leaders are working with vendors to finalize the travel dates and fees.

We will make an announcement to our community once all details are confirmed.

Thank you very much your understanding and unfaltering participation in TCSPP's international learning experience.
